Level 3	

Cologix provides one of North America's largest neutral marketplaces where network operators and network buyers interconnect. More than 400 customers demonstrate trust in Cologix by deploying equipment in our data centers in order to grow their network rapidly and cost-effectively.

**Cologix is Montreal's leading network neutral provider, operating the only carrier hotel in the city.** Cologix's customers are supported by an 80,000 square foot Montreal footprint that spans six data centers throughout the city. Cologix enables connectivity to over 70 networks and offers direct connectivity to the Montreal International Internet Exchange (MIIX). Customers outside of Montreal recognize the strategic value of this market as an interconnection gateway to North America and an attractive alternative to markets like New York City.
