

Banking & Finance

Technology-savvy banks continue to turn to data center colocation to keep up with today's most pressing banking requirements: security and disaster recovery capabilities. Cologix prides itself on a successful track record of meeting the mission critical needs of banking and financial institutions across 24 industry-leading, highly secure data centers throughout North America.

COLOGIX BENEFITS

- Secure, resilient, redundant, flexible infrastructure
- Robust choice of 450+ unique networks offering high performance, cost savings, redundancy & future-proofing
- Cologix Command DCIM continually monitors service to ensure business continuity, alerting customers with options when nearing capacity
- High-touch local customer support & direct access to local technicians & support teams 24/7
- Web-based portal for online support ticket submissions
- Increased network reliability: the "last mile" from your equipment to a carrier's PoP is a cross connect away, not miles that are subject to fiber cuts
- Centrally located data centers
