

Government

Cologix is the natural interconnection and colocation hub for government institutions based on a long-standing, successful track record with government entities. Cologix's robust infrastructure, high-touch support, and connectivity choice allow government institutions to focus on serving and connecting their communities.

COLOGIX BENEFITS

- o Resilient, redundant, flexible infrastructure
- o 100% uptime SLAs
- o Increased network reliability: the "last mile" from your equipment to a carrier's point of presence is a cross connect away
- o Ultra-secure data centers with limited biometric & keycard entry, video surveillance & other security features
- o High-touch local customer support with direct access to local technicians & support teams 24/7
- o Lower network costs via robust choice of 450+ unique carriers & simple, low-cost switching of network providers
- o Unique access to non-profit, independent Internet Exchanges for low-latency, high-performance data exchange
- o Flexible contracting & ease of doing business
- o Easy-access, centrally-located data centers
