

Hosting

Cologix supports a broad set of hosting providers that in turn offer a range of services to their customers leveraging Cologix’s high-availability, ultra-secure colocation infrastructure. Cologix’s neutral Cloud Connect platform provides a streamlined source for enterprises ranging from Fortune 100 to local businesses to access the widest selection of hosting services in “Edge Markets.” Hosting providers gain unique benefits from deploying with Cologix, especially in support of scalability, compliance, security, cost and performance requirements.

COLOGIX BENEFITS

HIGH-AVAILABILITY, SECURE INFRASTRUCTURE:

- ✓ 100% uptime SLA backed by industry-leading, fail-safe infrastructure redundancy
- ✓ 24 compliant colocation facilities featuring advanced security technologies & access procedures
- ✓ 24/7 support plus Remote Hands services extend your team’s capabilities on the data center floor

NEUTRAL CHOICE OF +450 NETWORK CARRIERS:

- ✓ More end points & a wider network reach with carriers deploying 100 Gig services
- ✓ High competition & low switching costs for lower rates & more flexible commercial terms
- ✓ Optimized costs – ensure bottom line success at scale as network can account for 10-20% of total hosting expenses

MAXIMIZATION OF ON-NET ADDRESSABLE MARKET:

- ✓ Benefit from an on-ramp to demand
- ✓ Carrier density matters: more carriers means more addressable on-net hosting service prospects

SCALABLE ARCHITECTURE TAILORED FOR PERFORMANCE:

- ✓ Hosting providers are moving equipment closer to the “edge” in Tier II markets to reduce latency
- ✓ Comprehensive choice of cost-effective network backups to insulate performance
- ✓ Technology-forward facilities where service providers & customers meet
