5. **Burstable Billing Calculation and Charges.**

- a. For burstable billing, the Total Utilized Bandwidth (defined below) is derived from a 95th percentile (95%) calculation as described below. The bandwidth utilized by Customer over and above the committed bandwidth amount set forth in the applicable Service Order (the "Bursted Bandwidth"), will be billed by Cologix to Customer at 100% of the committed bandwidth rate set forth in the applicable Service Order pursuant to the calculation set forth below in this Section 5.
- b. At the end of each calendar month during the term of a Service Order, Cologix shall calculate the Bursted Bandwidth Charge (defined below) for such calendar month of all circuits for which Customer has ordered burstable billing, pursuant to the following formula:
 - (i) "Bursted Bandwidth Charge" = (Total Utilized Bandwidth – the total committed bandwidth set forth in the applicable Service Order) x (the specified burst rate set forth in the applicable Service Order per Mbps for Circuits (or, if none specified, the committed

bandwidth rate set forth in the applicable Service Order per Mbps for Circuits).

(ii) **"Total Utilized Bandwidth"** shall be calculated as follows: Cologix shall poll the Cologix routers for ingress and egress usage on each respective circuit approximately every five minutes. The ingress and egress numbers for each poll shall be stack ranked. At the end of each calendar month during the term of a Service Order, the top 5% of the aggregate ingress and egress usage numbers shall be discarded. The next highest measurement, the greater of the ingress or egress, shall constitute the Total Utilized Bandwidth for the applicable circuits for the applicable calendar month.

c. Volume price breaks do not apply if the volume threshold is surpassed due to Bursted Bandwidth.

6. **24x7 Customer Support.** Cologix provides for the coordination and resolution of problems associated with the Service(s) on a 24x7 basis. Support is limited to the product features included in the Service(s) purchased.

7. **Network Service-Level Agreement.**

a. The purpose of this network service-level agreement (this "SLA") is to define the managed network service levels and operational specifications that Cologix will provide to Customer. Specifics as to the managed network Services to be provided to the Customer are set forth in the applicable Service Order, which is incorporated into and made a part hereof.

b. Cologix managed network environments consist of LAN and WAN infrastructures. Cologix managed network environments will be available on a 7 (day) x 24 (hour) x 365 (day) basis, except for Excluded Outages (defined below).

c. Latency measurements will be total round trip durations in milliseconds (ms) of network transmissions. Latency will be measured from Customer equipment wherever located ("CPE") ingress to the Cologix network to destination router point.

d. Availability will be calculated monthly using total actual minutes available divided by total possible minutes available, but shall exclude, in all instances, any Excluded Outages. Performance measurements will exclude CPE.

d. Cologix' performance levels for managed network availability and latency are as follows:

LAN Performance	
Latency	Availability
< 40ms	>99.50%

WAN Performance			
External Gateway to Internet (Domestic)	VPN (Only when provided and managed by Cologix)	Private Network (Domestic)	
Latency	Latency	Latency	Avail
<60ms	<100ms	<70ms	>99.50%

e. If, as a direct result of Cologix' actions or inactions, the managed network Service levels provided by Cologix fail to

meet the specified performance levels stated above, then, as Customer's sole and exclusive remedy, and Cologix' sole obligation, for such failure, Customer shall receive a Service credit equal to 15% of the monthly recurring charge for the affected Service (i.e. network Service charge only) for the affected month in accordance with the Service Order for such affected Service. Customer is limited to receiving an aggregate credit of 30% (15% for failure to meet LAN performance levels plus 15% for failure to meet WAN performance levels) of the monthly recurring charges due to Cologix for the applicable calendar month for the affected network Service.

f. To request a credit, Customer must deliver a written request to Cologix within thirty (30) days of the end of the month for which a credit is requested. The request must detail the time period of the outage and include all appropriate documentation evidencing the outage. Customer shall open a trouble-ticket with Cologix in connection with any such outage.

g. If at any time Customer is in default under the Agreement, Customer will not be entitled to any credit.

h. Notwithstanding anything herein to the contrary, credit will not be issued under this SLA for any outage that, as determined by Cologix in its reasonable judgment, results from any of the following: (i) scheduled maintenance announced at least forty-eight (48) hours in advance; (ii) emergency maintenance (for security or router instability (or related) type patches or modifications); (iii) a violation of the Network Services AUP in existence on the date of such circumstances giving rise to such credit; (iv) any other event or condition not wholly within the control of Cologix; (v) any act or omission, directly or indirectly, of Customer or its employees, agents, contractors or representatives or by Customer's or its employees, agents', contractors' or representatives' equipment; (vi) viruses; (vii) any failures that cannot be corrected because Customer is inaccessible; or (viii) any attack against Customer equipment/servers (clauses (i) through (viii) above, collectively, the "Excluded Outages").

Any such attempts may, among other things, cause disruption to the Services. Any disruption to the Services resulting from a violation of Cologix's security precautions or measures shall be an Excluded Outage for all purposes under Section 7 hereof and Customer shall not be entitled to any Service credit pursuant to Section 7 hereof or any other remedy with respect to such disruption. Customer will be responsible for, and will indemnify Cologix for, any damage or service interruptions caused by Customer or its employees, agents, contractors or representatives in violation of these provisions, including,
