CENTRAL OHIO'S LARGEST NEUTRAL DATA CENTER
## - COL3 IS NOW OPEN -

160K SQF • 20MW • Hyper Secure • High Density Cloud & Network Hub

Cologix is the Best Option for Enterprises to Tap into Carrier & Cloud Connectivity in Central Ohio.

The new $130M+ facility is the largest neutral data center in the region and is directly linked to Cologix's existing data centers (COL1 & COL2). COL3 has been awarded the coveted Tier III certification of Constructed Facility ensuring that the data center has been constructed as designed, and verifies that it is capable of meeting the defined availability requirements.

Cologix designed the site with the most sophisticated cloud providers and enterprises in mind. The data center is concurrently maintainable, and offers scalable power solutions. Further unique attributes include an EF-4 tornado rating, K-rated perimeter fence and 24×7 guards. The redundancy, scale, security and connectivity enables Cologix to uniquely address growing market demand ranging from individual cabinets to multi-megawatt deployments.
