

## COLOGIX OPENS 151 FRONT STREET EXPANSION SPACE IN DOWNTOWN TORONTO

*Last available 10K SQF at Canada's largest carrier hotel at 151 Front St is now available for cloud providers and enterprises needing low latency connections*

**DENVER and TORONTO – May 15, 2018** – [Cologix](#), a network neutral interconnection and data center company, announced today that the last available 10K SQF at Canada's largest carrier hotel at [151 Front St.](#) is ready for service. The 1.5MW, 2N, customizable space is available for cloud providers and enterprises needing low latency connections within 151 Front Street.

"The 151 Front St building is the country's largest and most important telecommunications hub and we are thrilled to be bringing the last available 10K SQF on line for our Customers," stated Sean Maskell, President, Cologix Canada. "The new customizable space is ideal for Customers needing low latency access to unparalleled Network and Cloud choice within 151 Front Street."

Cologix now operates over 75,000 gross SQF of highly networked, latency sensitive capacity in the market. The newly completed space offers 2N redundancy, 1.5MW of power and access to 160+ networks and 50+ cloud providers including direct connectivity to AWS, Microsoft Azure, Google Cloud Platform and IBM Cloud. The Company also recently announced a 20K SQF expansion 2km away at their [905 King St.](#) data center which can be utilized as a stand-alone, diverse bypass facility to the TOR1 data center, or can be leveraged as a natural extension with the diverse fiber ring connecting the two Toronto colocation data centers.

"The expansions at 151 Front & 905 King truly provide our Customers a customizable data center environment with unsurpassed levels of security, reliability and unparalleled connectivity choice," stated Maskell.
