

FLEXStorage

YOUR MANAGED STORAGE SOLUTION
MONITORED AND MAINTAINED BY COLOGIX 24X7

Cologix's **FLEXStorage** is monitored and maintained by Cologix 24x7 as part of our managed storage solutions. FLEXStorage provides you with reliable access to your mission critical data so you can be assured of the worry-free management of your businesses information.

Cologix's **FLEXStorage** decreases capital expenses associated with buying and administering storage systems by simply ordering more storage capacity or services as needed; instead of having to purchase new hardware and software upfront.

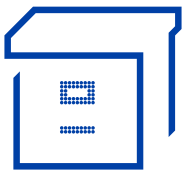

Cologix's **FLEXStorage** Basic, **FLEXStorage** Enhanced and **FLEXStorage** Premium, managed NAS and SAN storage are custom hosting solutions that provide organizations of all sizes with an efficient and cost-effective way to manage their electronic data. The managed SAN and NAS storage infrastructures can be either shared, dedicated to you or mixed together as a hybrid solution. Cologix's integrated NAS and SAN storage solutions support both file and block protocols natively*1, including NFS, CIFS, SFTP and iSCSI with Private Interconnects and Internet Accessibility*2

FLEXStorage is available in 3 configurations that can be mixed and matched to meet your hybrid solution needs.

FLEXStorage Basic	FLEXStorage Enhanced	FLEXStorage Premium
Ideal for bulk storage, backup purposes	Ideal for small-medium environments	Premium expandable dedicated private solution for high performance and security with encryption option
Cloud Storage	Cloud Storage	Dedicated Infrastructure
NFS, CIFS, SFTP	NFS, iSCSI, CIFS	NFS, iSCSI, CIFS
Available with colocation and FLEX Services	Available with colocation and FLEX Services	Available with colocation and FLEX Services
Private interconnect option	Private interconnect option	Private interconnect option
Internet accessible via VPN	Internet accessible via VPN	Internet accessible via VPN
99.99% platform availability	99.99% platform availability	99.99% platform availability 2 Hour hardware replacement SLA

*1 Protocols vary by platform

*2 Connectivity options vary by service

FLEXStorage

FLEXStorage is available in 3 configurations that can be mixed and matched to meet your hybrid solution needs. Cologix **FLEXStorage** decreases capital expenses associated with buying and administering storage systems by simply ordering more storage capacity or services as needed; instead of having to purchase new hardware and software upfront.

Managed and Maintained

FLEXStorage's highly-redundant design is monitored and maintained by Net Access 24x7 as part of our managed storage solutions.

Rock-Solid SLA

Cologix's 24x7 Platform Availability SLA provides up to 99.999% platform accessibility to support your growing data needs.

Dedicated or Shared Environments

As with all Net Access **FLEXServices**, the managed SAN and managed NAS storage infrastructure is either shared or dedicated to you.

FLEXBridge Ready

Private connectivity to Colocation in the same or different Cologix data center giving you access to the entire **FLEXPlatform**.

HYBRID BY DESIGN

FLEXStorage is part of the hybrid platform at Cologix, seamlessly creating the best infrastructure for your needs
