Robust Choice & Connectivity to the Most Carriers in Montreal

Cologix's data centre at 625 René-Lévesque West in downtown Montréal is in a Band Zero zone for Bell Canada tariff rates, and is ideal for customers requiring economic deployments. This facility provides rich connectivity via high-count, diverse, scalable fibre and direct access to the Meet-Me-Room (MMR) in Montreal at Cologix's MTL3 facility at 1250 Rene-Levesque West. With 10 data centres in the region, including Montréal's primary carrier hotel, Cologix offers low latency direct onramp connections to hyperscale cloud providers, including Amazon Web Services®, Google Cloud Platform, Oracle FastConnect, Microsoft® Azure and IBM Cloud.

Relentless Infrastructure

The uniquely efficient design facilitates rapid power deployments and the ability to dynamically cool equipment specific to the needs of individual cabinets.

Certified & Secure

The data centre technical floor is guarded 24/7 by keycard access and closed circuit TV (CCTV) systems. The Cologix Montréal facility also supports PCI compliance for customers who require it.

Why Cologix in Montreal?

As the market leader in Montréal, Cologix offers the most robust, flexible infrastructure and secure, scalable, low-latency connectivity at the digital edge. We operate the largest MMR with access to 100+ carriers from our MTL3 data centre and access to hyperscalers. Customers value the richness of connectivity options along with reliability, upgrades, redundancies and ease of doing business with Cologix.

MTL1 MONTREAL DATA CENTRE

Site Specifications

MTL1: 625 René-Lévesque Blvd

Site Information

MTL1 Space:	5K SQF
Total Montreal Space:	790K SQF
Building:	1972, renovated 2006; concrete and steel; seismic zone 4; outside of flood plain
Space Configuration:	Custom cabinets & cages with hot & cold aisle configuration
Load Capacity:	(1) supporting 3,000 lbs

Security

Closed-Circuit TV:	Yes
Security:	Onsite
Access:	Keycard
Man Traps:	Yes

Environmental Controls

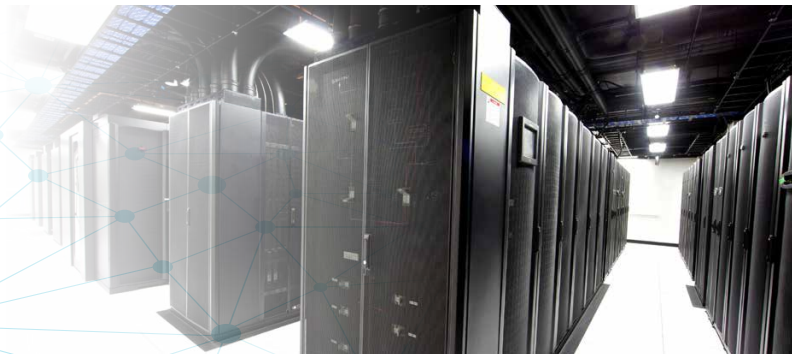

Cooling Capacity:	80 tons
Cooling Type:	CRAC DX system
Fire Protection:	Building system
Fire Suppression:	Dual interlocked pre-action dry pipe
Humidification:	Yes
Remotely Monitored:	Yes

Power

Energy:	Renewable, green hydroelectric power
Entrance:	1 power entrance facility
UPS:	Toshiba 225kVA
Load Design:	100 watts/SQF
Configurations:	Primary UPS Configuration
ATS:	Cummins
Battery:	VRLA Battery

Connectivity

Meet-Me-Room (MMR):	Yes, Cologix controlled
Number of Networks:	100+ network options
Network Neutral:	Yes
Fibre Entrance:	Diverse paths of building fibre entrance & riser
Cross Connects:	Copper, fibre, virtual
Internet Exchange:	Yes, access to Montreal Internet Exchange (QIX) via lit services at MTL3
Metro Connect:	Passive waves & lit connections to MTL3
Communications:	Diverse dark fibre between 10 Cologix facilities and carrier hotels

Customer Support

24/7 remote hands support.
