

Cologix @ Montréal's Technoparc MTL 6: 2341 Alfred Nobel

Within easy access of the Montréal-Pierre Elliott Trudeau International Airport, Cologix offers secure data centre and colocation services in the purpose-built facility at 2341 Alfred Nobel, which is ideal for remote enterprise applications. Cologix continues to build on the 10-year legacy in Montréal as the city's oldest and first colocation provider with the most carriers available across approximately 100,000 SQF of data centre space. Cologix's seven data centres throughout Montréal, including the city's primary carrier hotel, are all linked via Metro Connect solutions.

The Top Connectivity Provider in Montréal

Cologix provides customers with buying power via direct interconnection to 10 unique networks in the on-site Meet-Me-Room (MMR) and 75+ networks across Cologix Montréal facilities (via Metro Connect).

Relentless Infrastructure

Cologix is committed to continuing infrastructure upgrades, including a new uninterruptible power system (UPS). The uniquely efficient design facilitates rapid power deployments and the ability to dynamically cool equipment specific to the needs of individual cabinets.

Certified & Secure

The data centre technical floor is monitored 24/7 and features keycard access and a closed-circuit TV (CCTV) system. The Cologix Montréal data centre also supports PCI compliance on an individual basis, as well as customized security for dedicated space.

Dynamic Customer Support

All customers have direct and 24/7 access to seasoned local engineers and support teams, in addition to a web-based portal for online technical support ticket submissions. Local Cologix technicians also leverage the Cologix Command data centre infrastructure management (DCIM) platform to continually monitor service to ensure business continuity, alerting customers with options when nearing capacity.

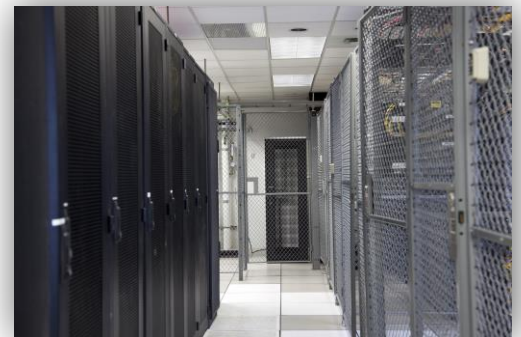

Why is Cologix Montréal the Market Leader?

Cologix is Montréal's longest serving and most reliable network neutral data centre provider. Over the past 10 years, Cologix has built a robust community of providers offering network and cloud services, which provide choice and buying power to enterprise customers. No other provider can offer the connectivity choice and access to the Montréal Internet Exchange (QIX). In addition, Cologix's platform of seven data centres across Montréal offers a facility to meet each customer's unique needs.
