Fully Redundant , Diverse Infrastructure & Comprehensive Security

Cologix's Tier II facility features redundant power supply, network connectivity, rigid security and access controls, efficient cooling systems, fire suppression systems and a round-the-clock security team. This location also offers amenities such as disaster recovery office space and a cafeteria.

Network Neutral Connectivity

NNJ1 provides connectivity via a carrier neutral facility with dual cable entrances. Through dark fiber via Cologix's Metro Connect, this facility is connected to all of the major carrier hotels in New York City and New Jersey including:

- 60 Hudson St., NYC
- 165 Halsey St., Newark, NJ

Why Cologix New Jersey?

Cologix New Jersey data centers provide enterprise-grade space, power, connectivity, and managed services to customers worldwide with round-the-clock technical support. About 30 miles outside of Manhattan and 280+ feet above sea level, Cologix New Jersey provides proximity to New York City for connectivity to key carrier hotels and geographic diversity. Above the FEMA 500 year flood plain, Cologix's data center remained safe, dry and accessible during all hurricanes and nor'easters, including Superstorm Sandy.
